Private Debt Investor – Talking Points Report with Allvue

May 14, 2021 | Issue No. 126

Private Debt Investor provided a May 2021 Talking Points report with Ryan Crowell and Yuriy Shterk of Allvue Systems. The conversation highlights that the strong performance and increased demand for Fund Finance products during the pandemic is continuing as the pandemic subsides. While the increased adoption is creating new reporting and credit management demands, they note that new technologies are being used and developed to address these challenges. Read more [here](#).
