December 10, 2021 | Issue No. 155

Diversity in Fund Finance

The FFA and Diversity in Fund Finance would like to further support and recognize individuals in the industry for their outstanding overall contributions to furthering diversity, equity and inclusion (“DEI”) efforts in the fund finance market, their workplace and/or the broader community. To this end, they’ve created a brand-new initiative, “DEI Emerging Leaders,” through which successful nominees will receive one complimentary ticket to the FFA Global Symposium in Miami this February.
