

Fund Finance Friday

Bloomberg Article Addresses Fund Finance

September 30, 2022 | Issue No. 194

Bloomberg published an opinion piece by Shuli Ren this week that addressed fund finance in the context of a greater narrative around private equity. The article includes some negative themes as to both private equity and fund finance. While fund finance market participants will likely strongly disagree with certain of the views, they should be aware of the article, accessible [here](#).
