

Fund Finance Friday

APAC's Access to the Broader Alternatives Market

January 6, 2023 | Issue No. 205

The liquidity squeeze you should have seen coming: Asian markets such as Hong Kong “squeeze” their way back into being global players in the fund finance space as other banks across the globe scale down due to capital constraints. Read more about how these key players are taking advantage of their competitors in *PFCFO* [here](#).
