Goodwin Article on NAV Financings and Preferred Equity

February 24, 2023 | Issue No. 212

With increasing demand for liquidity solutions, Goodwin has published a resource on reasons why fund managers are turning towards NAV financing and preferred equity tools. The resource offers a high-level summary on strategies, including the offensive and the defensive, as well as key considerations relating to the highly bespoke structures such as availability, pricing and LTV covenants/borrowing base.
