CADWALADER

The Securitization in Fund Finance Conference

Cadwalader was proud to be a lead sponsor of last week's Securitization in Fund Finance conference in New York. The conference reflected the many ways in which the fund finance market is evolving with securitization increasingly playing a role.

Partner **Angie Batterson** and Special Counsel **Michael Celso Gonzalez** both enjoyed speaking. Angie spoke on the panel "Overview of the Spectrum of Structures in Fund Finance" and Michael spoke on the panel "Motivations and Strategies for CFO Issuance."
