Mourant Recaps the Global Fund Finance Symposium

April 19, 2019 | Issue No. 25

Mourant has prepared a "Top Take-Aways" summary from the 9th Annual Global Fund Finance Symposium in Miami that discusses high points from several presentations. The [summary](#) covers industry trends, market updates and current challenges for players in the funds finance space. Mourant also highlights the growing need for Management company and General Partner facilities to either provide working capital or to finance General Partner commitments. Additionally, a discussion of Subscription Default gives insight into increasing lender demands for greater due diligence and prompt investor notice of an assignment of capital call rights, among other related issues and concerns.
