### FFA Releases Statement on Market Disruption

April 10, 2020 | Issue No. 72

The Fund Finance Association this week hosted a call with representatives of its major event sponsors. Following the call, the FFA released a statement summarizing what its constituents are seeing in the market, addressing many of the narratives in recent press reports and providing suggestions for best practices for managing the challenges in the market. The statement is available on the FFA website [here](#).
