

## Fund Finance Friday

### Virtual Finance Forum Set for November 12th

October 2, 2020 | Issue No. 97

Cadwalader's annual Finance Forum, now in its fifth year, will be held virtually on November 12th. While the Finance Forum's substance covers a host of finance areas – including real estate, syndicated lending, CLOs, securitization, bank regulatory and financial services litigation – there is always a healthy dose of Fund Finance. As always, there is no charge to participate.

We will also ensure that this year's Fund Finance content is not duplicative of the topics on the agenda for the Fund Finance Association's Virtual Week. To register for Cadwalader's Finance Forum or for more information, click [here](#).
