

## Congrats to This Year's Power Finance List!

April 30, 2025

Congratulations to the many Cadwalader clients and friends who have earned a place in the *Commercial Observer's* 2025 Power Finance list.

Published annually, the Power Finance list recognizes those key figures who, as the publication notes, shine at “guiding borrowers through the market highs and lows, the expected and unexpected, and finding ways to push deals over the finish line.”

We're incredibly grateful to work closely with so many of those on this year's list, and look forward to achieving continued success together.
